

BUYING AN ANCHOR FOR A “MOVED” / EXISTING SYSTEM

- Find out when the system was “Purchased.”
 - Anchor size will depend on **WHEN** the system was purchased.
 - Orders **PRIOR** to ***February 2004*** will require the G2660 (6x6)
 - Confirm with the customer the plate size of the existing Pole Plate.
- **SEE BELOW****

- If the customer has an old 8”x10” pole plate you will **ALWAYS** need a 6x6 ground anchor.
 - **NOTE:** The old 8”x10” pole plate will match up with the new 6” anchor plates.
